PART I. Earning Commissions, Payouts & Bonus Rewards

Commissions

 Apply to be an Ambassador and **receive a generous 15% commission rate** on all eligible orders!

Compensation and bonus rewards are subject to Program terms and conditions, which ICOSA Brewhouse may modify at its discretion.

Payout Guidelines

 Commissions will have a 30-day hold period to ensure everything's smooth sailing. We want to be sure there are no cancellations or refunds that might affect your well-earned commission! So, hang tight for that brief waiting period.

 For the smoothest experience, you'll need to activate auto-payouts on your end in the Shopify Collabs dashboard to get paid via PayPal or bank transfer. If you haven't activated auto-payouts, then the commission after the 30-day holding period will move to the "waiting for creator" state from our end, and we'll need to wait for you to activate your auto-payouts before we can send you your earned commissions!

All payouts are in USD, but you're free to cash out your earnings in your local currency. 🕶️ If you decide to use a different currency to cash out, you'll be responsible for any additional currency conversion fees.

We're all about making things smooth and hassle-free for our Ambassadors, so you can keep focusing on what you love – sharing your coffee passion with the world! ☕😊
